Juried by Jack Rutberg

For more than 40 years the Annual Juried Exhibition organized and sponsored by the Brand Associates has been one of the preeminent stages upon which artists from around the country have exhibited their work—more than 2,000 of them to date. This monumental record is enhanced by the historically significant Southern California-based artists, educators and critics who have served as jurors during those 40 years.

Jack Rutberg is the owner and director of Jack Rutberg Fine Arts in Los Angeles, dealing in modern and contemporary art. In that capacity he has acted as dealer, curator and consultant for more than 25 years, representing a wide range of important American and European artists.
