FIRE ALARM CONTRACTORS

The following list of fire alarm contractors is provided as a convenience and is not to be considered an endorsement or a complete list.

Contractors must be licensed electrical contractors by the Contractors State License Board of the State of California ('C-10' license).

Contractors must be UL-listed (or approved equal) to install fire alarm systems in Glendale (effective 1989). All central stations must be UL-listed (or approved equal).

Please visit the Contractors State License Board at www.cslb.ca.gov (or call 800-321-CSLB) for important consumer information before hiring a contractor, to verify contractor's license, and for questions or complaints.

To verify the UL listing of contractors, please visit <http://database.ul.com/cgi-bin/XYV/template/LISEXT/1FRAME/index.html>

For engineers / consultants, visit the California Board for Professional Engineers at www.bpelsg.ca.gov (or call 1-866-780-5370).
