420 W. Harvard Street  
Glendale, CA 91204-3195  
Ph: 818/548-4810  
Fax: 818/243-9603

## **FIRE ALARM SYSTEM** **TESTING COMPANIES**

- The following list of contractors performing the testing of fire alarm systems is provided as a convenience and is not to be considered an endorsement nor a complete list.
- Contractors must be licensed electrical contractors by the Contractors State License Board of the State of California Department of Consumer Affairs (with a C-10 license).
- Please visit the Contractors State License Board website at [www.cslb.ca.gov](http://www.cslb.ca.gov) (or call 800-321-CSLB) for important consumer information before hiring a contractor, to verify contractor's licenses, and for questions or complaints.
- Testing of automatic fire sprinkler systems must be done in accordance with Title 19 and the Glendale Fire Code (the Glendale Fire Code's required testing intervals are on the back).
- If your fire alarm system was installed after 1989, it is required to be UL certificated, and must be tested by the contractor holding the UL-certificate for your system.
