

June 19, 2014

Dear Business Owner:

The **Glendale Avenue Wastewater Capacity and Street Improvement Project** is currently under construction on Glendale Avenue between Broadway and San Fernando Road.

Sewer Upgrade and Repair Work

The City's contractor, Excel Paving Company, from June 23, 2014 to the end of August, will perform sewer upgrade and repair work barring unforeseen circumstances. Construction impacts will be as follows:

- One or two traffic lanes will be closed during the sewer repair and upgrade work
- Vehicle access may be restricted between 7:00 AM to 5:00 PM
- Street parking may not be allowed. The "No-Parking" signs will be posted at least 30 hours in advance of no parking enforcement
- Driveway will be intermittently closed during the trench excavation, sewer pipe installation, trench backfill, and asphalt concrete pavement, approximately 10 working days in total but not continuously

This part of the Project will be completed during the school summer break.

Project Status, Location Map and Schedule

Your questions and comments are encouraged about the Project. Please visit the Engineering Contact Page at <http://www.glendaleca.gov/government/departments/public-works/contact-us>.

You may also contact the Project Manager, Jasmina Zigic, directly at 818-937-8255 or email her, jzigic@glendaleca.gov for more specific information related to the Project.

Thank you again for your patience as we work to improve Glendale's public infrastructure.

Roubik Golanian, P.E.
Deputy Director of Public Works/City Engineer
