**RE: CONDITIONAL USE PERMIT PCUP 1307305  
Buko Restaurant—327 N. Verdugo Road**

On July 10, 2013, the Planning Hearing Officer conducted and closed a public hearing, pursuant to the provisions of the Glendale Municipal Code, Chapter 30.42, regarding your application for a Conditional Use Permit to allow the on-site sales, service and consumption of beer and wine with meals at a full-service restaurant at the Buko Restaurant located at 327 N. Verdugo Road, described as a Portion of Lot 83, in the C1 (Neighborhood Commercial) Zone.

**Applicant's Proposal:** A conditional use permit application to allow on-site sales, service and consumption of beer and wine with meals at a full-service restaurant.

**Code Requires:** Approval of a conditional use permit is required for the on-site sales, service and consumption of beer and wine at a restaurant in the C1 Zone (GMC Sec 30.12.020, Table 30.12-A).

**CEQA Status:** Exempt as a Class 1 "Existing Facilities" exemption pursuant to State CEQA Guidelines Section 15301.

**REQUIRED/MANDATED FINDINGS**

After thorough consideration of the statements contained in the application, the plans submitted, the report by the Planning Division staff, and the statements made at the public hearing with respect to this application, the Planning Hearing Officer has **GRANTED WITH CONDITIONS** your application based on the following:

**A. The proposed use will be consistent with the various elements and objectives of the General Plan.**

One of the purposes of the Neighborhood Commercial (C1) zone is to offer a full range of goods and services to the neighborhood, such as a full-service restaurant, in conformance with the City's General Plan. The Land Use Element encourages flexibility in the range and type of services in the C1 Zone, including alcohol sales with food subject to a conditional use permit approval. Buko Restaurant has been selling beer and wine as an ancillary service to meals since 1987. No new floor area is proposed nor are changes proposed to the number of parking spaces or parking lot design. Sufficient access from the restaurant parking lot is provided to Verdugo Road and Chevy Chase through three driveways. As shown in the Circulation Element, Verdugo Road is a major

arterial and Chevy Chase Drive is a minor arterial. Both roads are capable of continuing to manage the existing shopping center's traffic circulation. It is not anticipated that continuing beer and wine sales will increase parking and traffic circulation impacts since this use will remain an ancillary service to the existing restaurant's food service. Potential noise that may be generated by the restaurant would be regulated by the City Noise Ordinance, which implements the goals of the Noise Element.

**B. The use and its associated structures and facilities will not be detrimental to the public health or safety, the general welfare, or the environment.**

The associated structures and facilities will not be detrimental to the neighborhood and community because Buko Restaurant has been operating without incident since 1981 and selling beer and wine with food since 1987. The on-site sales, service and consumption of beer and wine will remain ancillary to the restaurant's primary food service. There are only two on-sale establishments in the subject census tract where three are recommended. The Police Department noted that the number of crimes in the area is 38 percent below the City-wide average of 60, and no police service calls were reported at Buko Restaurant.

**C. The use and facilities will not adversely affect or conflict with adjacent uses or impede the normal development of surrounding property provided that the conditions of approval are followed.**

Buko Restaurant has been operating as a full-service restaurant since 1981 and with beer and wine sales with food service since 1987, and it proposes to continue the same operation with only a change in restaurant ownership. It is located in a fully developed commercial shopping center where a restaurant use with the sale and service of alcohol is a suitable business consistent with the General Plan.

The hours of operation are consistent with a typical family restaurant use and will be compatible with hours of operation of the adjacent tenants and the neighboring commercial and residential properties. The applicant's request to obtain a conditional use permit for the sale and service of beer and wine with meals will not require an increase in new City services or conflict with existing or anticipated surrounding land uses. No new floor area will be added to the existing restaurant and the ancillary service of beer and wine is not anticipated to intensify the parking and traffic circulation demand. It is not anticipated to impede the normal development or redevelopment along this street since it is already fully developed.

No evidence has been presented which would indicate that the proposed use will adversely impact any church, public or private school or college, day care facility, public park, library, hospital, or residential use within the surrounding area.

**D. Adequate public and private facilities such as utilities, landscaping, parking spaces and traffic circulation measures are provided for the use.**

Adequate public and private facilities such as parking, utilities, and landscaping are provided for the existing tenant space and shopping center. The Conditional Use Permit for the sale, service and on-site consumption of beer and wine with meals is not anticipated to intensify the parking or traffic circulation demand since the total square footage for the subject tenant space is 1,500 square feet and no additional floor area is being proposed.

**E. That all the criteria set forth in Section 30.42.030 (F) to be considered in making the findings in subsection A. through D. above have all been met and thoroughly considered:**

- 1) That such use does not or will not tend to intensify or otherwise contribute to the adverse impacts on the surrounding area caused by over concentration as described above in finding B.
- 2) That such use does not or will not tend to encourage or intensify crime within the district as described above in finding B.
- 3) That such use does not or will not adversely impact any other uses within the surrounding area (church, public or private schools or college, day care facility, public park, library, hospital or residential use) as described above in finding C.
- 4) That the proposed use satisfies its transportation or parking needs as described above in finding D.
- 5) That the proposed use does or will serve a public necessity or public convenience purpose for the area as evidenced by the continued operation of this restaurant with alcoholic beverage on-site sales, service and consumption as described above in finding A.

**SUMMARY OF PLANNING HEARING OFFICER'S DECISION**
