NOTICE OF CONSTRUCTION ACTIVITY

TRAFFIC SIGNAL MODIFICATIONS AT WILSON AVENUE/HARVEY DRIVE AND BROADWAY
(Funded in part by HSIP)

Dear Resident and/or Property/Business Owner:

The City of Glendale's Public Works Department has retained our company to make certain traffic signal and street improvements in your neighborhood as part of the Traffic Signal Modifications at Wilson Avenue / Harvey Drive and Broadway. The duration of the entire project is approximately 80 working days. ***The construction work is scheduled to begin Spring 2015 and is expected to be completed by Fall 2015, barring unforeseen circumstances or adverse weather conditions.***

Depending on the location, the following work may occur:

- Traffic signal upgrades and modifications;
- Installation of new striping and pavement markings;
- Realignment of roadway and travel lanes;
- Reconstruction of sidewalks, curbs, gutters, driveways, and center islands;
- Construction of Portland Cement Concrete ADA curb ramps; and,
- Reconstruction of asphalt concrete pavement.

Our company is committed to working with you to help alleviate the impact of the construction on your daily activities. Every effort will be made to minimize any inconveniences to you. If you need to drive through the construction zone, please allow additional commuting time.

We are responsible for sequencing and scheduling the work. We will post a door hanger that targets the day we expect to be in your neighborhood barring unforeseen circumstances or adverse weather conditions. We will also post "NO PARKING" signs in the work zone 24-hours in advance of working on your street.

Unfortunately, the project is sometimes delayed in which case, the previous days work may not be finished and construction activity will resume the next working day. Thank you for your patience while we work to improve the City of Glendale.
