**RE: 6430 SAN FERNANDO ROAD  
ADMINISTRATIVE USE PERMIT CASE NO. PAUP 1512527**

(Maran Restaurant)

Dear Ms. Yepremian:

Pursuant to the provisions of the Glendale Municipal Code, Title 30.49, Chapter 30.49, the Community Development Department processed your application for an administrative Use Permit (AUP) to allow the continued on-site sales, service, and consumption of a full line of alcoholic beverages at an existing full-service restaurant, located at **6430 San Fernando Road**, in the "SFMU" - (Commercial/Residential Mixed Use) Zone, described as Lot 93, Tract No. 3196, in the City of Glendale, County of Los Angeles.

**CODE REQUIRES**

- (1) On-site sales, service and consumption of alcoholic beverages require an administrative use permit in the SFMU (Commercial/Residential Mixed Use) Zone.

**APPLICANT'S PROPOSAL**

- (1) To allow the on-site sales, service, and consumption of a full line of alcoholic beverages (Type 47) at an existing full-service restaurant.

**ENVIRONMENTAL DETERMINATION**

The project is exempt from CEQA review as Class 1 "Existing Facilities" exemption pursuant to State CEQA Guidelines Section 15301.

After considering the evidence presented with respect to this application, the Director of Community Development Department has **APPROVED WITH CONDITIONS** your request based on the following findings:

**REQUIRED FINDINGS**

- A. That the proposed use will be consistent with the various elements and objectives of the general plan.**

The existing 3,400 square foot restaurant has been used as a full service restaurant with the service of alcoholic beverage and public dancing for the

last several years. The economic activity generated by this restaurant is consistent with the objectives of the General Plan and the San Fernando Road Corridor Redevelopment Area. The proposed use, which is located in the Commercial/Residential Zone (SFMU) is compatible with commercial and residential uses. The restaurant will be a complementary service to the adjacent businesses and is anticipated that it will continue to be consistent with the various elements and objectives of the General Plan and the SFMU Zone, given that the applicant requests only the continued ability for on-site sales, service and consumption of alcoholic beverages at an existing restaurant.

**B. That the use and its associated structures and facilities will not be detrimental to the public health or safety, the general welfare, or the environment.**

The existing restaurant use with on-site sales, service and consumption of alcoholic beverages has met the intent and requirements of the zoning ordinance and has not proven to be detrimental to the public health or safety for the last nine years under the current management. Similar uses exist in the area and within the community, which have not proven to be detrimental to the general welfare or the environment. It is anticipated that the continued sales, service, and consumption of alcoholic beverages will continue in the same manner.

**C. That the use and facilities will not adversely affect or conflict with adjacent uses or impede the normal development of surrounding property.**

The restaurant facility has been in operation for several years without generating any nuisance. The applicant's request to continue the on-site sales, service and consumption of alcoholic beverages with meals is not anticipated to adversely conflict with surrounding properties as it will be ancillary to the primary use, a restaurant. The existing restaurant use has been at this location for the last 25 years, with the last 9 years under current management. The premise has operated in full accord with current zoning code requirements and the conditions of approval contained in Conditional Use Permit No. PCUP-2008-010 approved on June 18, 2008.

**D. That adequate public and private facilities such as utilities, landscaping, parking spaces and traffic circulation measures are or will be provided for the proposed use.**

Public and private infrastructure, off street parking, and utilities are in place. There are no changes or modifications requested at this time that would alter the existing conditions at the site. The site currently has 14 off-street parking spaces to be used exclusively for the existing restaurant, and no

changes are proposed to the circulation or number of parking spaces provided.

**REQUIRED ADDITIONAL FINDINGS OF FACT FOR AN AUP FOR ALCOHOL SALES, SERVICE AND CONSUMPTION:**

That all the following criteria (set forth in Section 30.49.030) have been met and thoroughly considered in making the findings in subsection A through D above:

- 1) That such use does not or will not tend to intensify or otherwise contribute to the adverse impacts on the surrounding area caused by over concentration. The Glendale Police department has not cited any concerns regarding the continued sale, service, and consumption at Maran Restaurant.
- 2) That such use does not or will not tend to encourage or intensify crime within the district. The Glendale Police Department has not cited concerns regarding the intensification of crime due to the continued sale, service, and consumption of alcohol at Maran Restaurant. The restaurant has been crime-free and it is anticipated that it will continue to be so in the future.
- 3) That such use does not or will not adversely impact any other uses within the surrounding area (church, public or private schools or college, day care facility, public park, library, hospital or residential use). The San Fernando Road Corridor has many similar commercial uses. There is no indication that the continued sale, service, and consumption of alcoholic beverages will adversely impact abovementioned uses.
- 4) That adequate parking exists on site to satisfy the transportation and parking needs for the existing use. There are 14 parking spaces provided, and there is no intensification or change of use with the proposed administrative use permit. Therefore, it is not anticipated that there will be demand for additional parking for the restaurant.
- 5) That the existing use does or will serve a public convenience purpose because the operation of a full-service restaurant with on-site sales, service and consumption of alcoholic beverage will be consistent with the intent for Mixed-Use Zones and the General Plan for the City of Glendale. Such uses are intended to serve the neighborhood's needs.
