**RE: 1320 WEST GLENOAKS BOULEVARD
CONDITIONAL USE PERMIT NO. PCUP 1526726
(Anoush Banquet Hall)**

(SEE: ADMINISTRATIVE USE PERMIT NO. PAUP 1526720)

Dear Mr. Khan:

On June 8, 2016 the Planning Hearing Officer conducted and closed a public hearing, pursuant to the provisions of the Glendale Municipal Code, Title 30, Chapter 30.42, on your application for a Conditional Use Permit (CUP) to allow the expansion of a banquet hall (office and storage room) located **1320 West Glenoaks Boulevard**, at in the "C2" - Community Commercial zone, described as Lots 1 through 8, Tract No. 10026, in the City of Glendale, County of Los Angeles.

CONDITIONAL USE PERMIT
CODE REQUIRES

- 1) Approval of a Conditional Use Permit is required for a banquet hall expansion in the C2 zone.

APPLICANT'S PROPOSAL

- 1) Allow the expansion of a banquet hall in the C2 zone.

ENVIRONMENTAL DETERMINATION

The project is exempt from environmental review per State CEQA Guidelines Section 15301, Class 1 "Existing Facility".

REQUIRED/MANDATED FINDINGS

After thorough consideration of the statements contained in the application, the plans submitted therewith, the report by the Community Development Department staff thereon, and the statements made at the public hearing with respect to this application, the Planning Hearing Officer has **GRANTED WITH CONDITIONS** your application based on the following:

A. The proposed use will be consistent with the various elements and objectives of the general plan.

The proposed expansion of the existing banquet hall use will be consistent with the various elements and objectives of the City's General Plan. It should be noted that an Administrative Use Permit (PAUP 1526720) for the on-site service and consumption of alcoholic beverages at this banquet hall is being separately and concurrently considered with this CUP for a banquet hall.

The land use designation of the subject site is Community/Services Commercial. This designation is restrictive in terms of uses allowed, similar to that of Neighborhood Commercial areas, but for a larger market scale. Banquet hall uses are consistent with the intent of this land use designation and are conditionally permitted in the C2 zoning district. Banquet halls, by their very nature, are uses which draw customers from a wide geographic area. The Circulation Element classifies West Glenoaks Boulevard as a major arterial street and Davis Street as a local street. An objective of the Circulation Element is to minimize non-local vehicular traffic and parking in single-family and multiple family residential neighborhoods. The proposed expansion of the banquet hall will add a storage room and office to the building. No increase in patron capacity of the facility will occur as a result of the project. As such, traffic should not be impacted as a result of the project and the project will be in compliance with the Circulation Element. Operation of the banquet hall will be required to comply with the City's Noise Ordinance, and, as such, will be consistent with the Noise Element. No other elements of the General Plan, including the Open Space and Recreation and Housing Element will be impacted as a result of the banquet hall expansion.

B. The use and its associated structures and facilities will not be detrimental to the public health or safety, the general welfare, or the environment.

Expansion of the existing Anoush Banquet Hall will not be detrimental to the public health or safety, the general welfare, or the environment of the neighborhood. Anoush Banquet Hall has operated as a banquet hall for a number of years. No expansion of the actual banquet area to accommodate additional patrons is proposed – the addition will include storage and office areas. There are no known parks, churches, private or public schools or colleges, day care facilities libraries or hospitals in close proximity to the expanded banquet hall. Conditions have been added to the approval of the project to ensure that the expanded banquet facility will continue to operate in a responsible manner. Based on Part 1 crime statistics for this census tract, there were 237 crimes, which is greater than the citywide average of 178. It is anticipated that this elevated crime rate is a result of the largely commercial nature of West Glenoaks Boulevard. Two calls for Police service were generated from this location, both of which were false alarms, therefore neither resulted in a report. Neither the Glendale Police Department nor Neighborhood Services Division cited major concerns related to the proposed conditional use permit. Therefore, the minor expansion of the existing banquet hall is not anticipated to be detrimental to the safety and public welfare of the neighborhood.

C. The use and facilities will not adversely affect or conflict with adjacent uses or impede the normal development of surrounding property.

The expanded banquet hall will not impede the normal development of the surrounding area, since the site is already fully developed – only an approximately 400 square-foot addition creating a storage room and office is proposed and no increase in banquet capacity will result. The facility is located on the south side of West Glenoaks Boulevard between Davis and Rosedale Avenues. The immediate vicinity of the subject site is developed with a variety of commercial uses, including retail, office, restaurant and hotel uses and the Department of Motor Vehicles. Single-family homes are located across the alley to the south of the subject site. Approval of the conditional use permit will not adversely impact nearby uses on this commercial street nor impede the development of surrounding properties since these properties are already developed. Residential properties to the south should not be further impacted as the addition to the banquet hall is proposed on the north side of the building and will not increase the capacity of this business. Neither the Police Department nor Neighborhood Services stated particular concerns with regard to the expanded banquet hall. Any redevelopment of nearby properties should not be impacted given that the banquet hall use is conditionally permitted in the C2 zone. No public facilities are located near the subject site. Furthermore, conditions of approval added will ensure that the expanded banquet hall will not affect or conflict with adjacent uses or impede the normal development of surrounding properties.

D. Adequate public and private facilities such as utilities, landscaping, parking spaces and traffic circulation measures are provided for the proposed use.

Adequate public and private facilities are provided for the expanded banquet hall use. The approximately 400 square-foot addition will accommodate additional storage for the facility and a new office. No increase in banquet hall capacity is proposed. The site has 50 parking spaces and no additional parking is required as a result of the proposed expansion. The nominal increase in square footage will not require any new public facilities or the expansion of any existing facilities. Since the banquet hall capacity is not expanding, traffic in the surrounding area will not be adversely impacted.

APPROVAL of this Conditional Use Permit shall be subject to the following

29. That dedicated security staff is required on-site in addition to any audio-visual surveillance technology the applicant may wish to utilize.
