CODE REQUIRES

(1) The sales, service and on-site consumption of beer and wine requires an Administrative Use Permit in the DSP/TD –Downtown Specific Plan Zone/Transitional District.

APPLICANT'S PROPOSAL

(1) To allow on-site sales, service, and consumption of beer and wine (Type 20 and Type 70) at new hotel.

ENVIRONMENTAL RECOMMENDATION

The project is exempt from CEQA review per State CEQA Guidelines Section 15332, Class 32 "In-Fill Development Projects".

REQUIRED/MANDATED FINDINGS

After thorough consideration of the statements contained in the application, the plans submitted therewith, the above analysis by Community Development Department staff, and any comments received from the public with respect to this application, this Administrative Use Permit application has been **APPROVED WITH CONDITIONS** is based on the following findings

:

**A. That the proposed use will be consistent with the various elements and objectives of the general plan.**

The subject site is zoned DSP/TD (Downtown Specific Plan – Transitional District) and within the Downtown Specific Plan designation of the Land Use Element of the General Plan. The Circulation Element designates West Colorado Street and South Brand Boulevard as Major Arterials. The streets are fully improved serving a multitude of businesses and residential developments. The proposed hotel is currently under construction and is located alongside other commercial/service type businesses.

A hotel is a permitted use in this zone; however, on-site consumption of beer and wine requires the approved Administrative Use Permit. The consumption of alcoholic beverages is incidental to the hotel operation. The applicant is currently under construction for the new hotel. The various elements of the general plan identify this property as a Downtown Specific Plan. The proposed hotel use is consistent with this designation.

**B. That the use and its associated structures and facilities will not be detrimental to the public health or safety, the general welfare, or the environment.**

The Hampton Inn is considered a hotel use, which is a permitted use in the Downtown area. The Glendale Police Department has reviewed the request to sell, serve, and consume beer and wine, and has recommended appropriate conditions to further safeguard the health, safety, and general welfare of the public.

The proposed hotel is located in Census Tract No. 3023.02 and contains other businesses selling alcoholic beverages. This census tract allows for four on-sale and three off-sale establishments. There are currently two on-sale license and three off-sale licenses in this census tract. According to the City's Part 1 crime statistics, there were 174 crimes reported in this census tract, which is below than the city-wide average of 178 crimes.

**C. That the use and facilities will not adversely affect or conflict with adjacent uses or impede the normal development of surrounding property.**

The Hampton Inn is located within a commercial district and surrounded by complementary uses. The hotel's request to sell and serve beer and wine will not adversely affect or conflict with adjacent uses or impede the normal development of surrounding property, since no change to the existing land use designation are proposed. The focus of the operation continues to be a hotel use. In this regard, the sales/service of beer and wine for on-site consumption is an enhancement to the hotel experience.

**D. That adequate public and private facilities such as utilities, landscaping, parking spaces and traffic circulation measures are or will be provided for the proposed use.**

The hotel will be four stories with parking on the first two levels. The building is currently under construction. The property will be fully improved with all necessary

utilities. South Brand Boulevard and West Colorado Street are considered Major Arterials and are fully improved serving a multitude of businesses. The service of beer and wine at a proposed hotel is not anticipated to generate additional traffic.

The hotel was approved for a variance for not providing a loading zone and approved for a parking reduction permit to provide 88 parking spaces instead of the required 94 parking spaces. The demand for parking will not be impacted by the service and consumption of beer and wine due to this service being provided to the guests of the hotel only.

**REQUIRED ADDITIONAL FINDINGS OF FACT FOR AN AUP FOR ALCOHOL SALES, SERVICE AND CONSUMPTION:**

That all the criteria set forth in Section 30.42.030 to be considered in making the findings in subsection a. through d. above have all been met and thoroughly considered:

- 1) That such use will not tend to intensify or otherwise contribute to the adverse impacts on the surrounding area caused by over concentration. The Glendale Police Department noted no concerns with this proposal as noted in finding B above.
- 2) That such use will not tend to encourage or intensify crime within the district. No evidence has been presented which would indicate that a hotel with sales, service, and consumption of beer and wine in this location has or would encourage or intensify crime within the district as noted in finding B above.
- 3) That such use will not adversely impact any other uses within the surrounding area (church, public or private schools or college, day care facility, public park, library, hospital or residential use). There are no public facilities, schools, or churches within the immediate vicinity. The proposed hotel should not impact those uses. Additionally, the project is conditioned to ensure the function of this hotel and sale of alcoholic beverages will be in compliance with all municipal codes and state law. The proposed on-site sales, service and consumption of beer and wine at this proposed hotel is not anticipated to adversely impact other neighboring uses in this area.
- 4) That the proposed use satisfies its transportation or parking needs as described above because as noted in Finding D. above adequate access, parking and delivery spaces are available to serve this use.
- 5) That the proposed sales and service of beer and wine at the hotel will serve a public necessity or public convenience for the area due to this being an added amenity for the guests of the hotel.
