**RE: ADMINISTRATIVE DESIGN REVIEW
CASE NO. PDR 1614949
1524 Irving Avenue**

Dear Mr. Webber,

On October 28, 2016, the Director of Community Development, pursuant to the provisions of the Glendale Municipal Code, Title 30, Chapter 30.47, **APPROVED** your design review application to construct an approximately 878 square-foot second story addition to an existing one-story single-family house in the R1 Zone, Floor Area District I, located at **1524 Irving Avenue**. The staff report is attached.

CONDITIONS OF APPROVAL:

1. The applicant shall submit section drawings of a typical window installation for review and approval of staff.
2. The applicant shall delineate the location of the trash storage to ensure it is not visible from the public right-of-way.

SUMMARY OF THE DIRECTOR OF COMMUNITY DEVELOPMENT'S DECISION

Site Planning:

The proposed site planning is appropriate, as modified by any proposed conditions, to the site and its surroundings for the following reasons:

- The site planning of the site, particularly as visible from Irving Avenue, does not significantly change as a result of the project.
- The location of the proposed garage is detached and at the rear of the property, which is consistent with the majority of the homes in the neighborhood.

Mass and Scale:

The proposed massing and scale are appropriate, as modified by any proposed conditions, to the site and its surroundings for the following reasons:

- The proposed second story addition will maintain the same height as the existing house. A portion of the addition will be constructed within the existing high-pitched roofline.
- The addition is behind the existing house.
- The addition, configured to resemble roof dormers, is set back from the adjoining neighbors, and does not significantly increase the massing.

Design and Detailing:

The proposed design and detailing are appropriate, as modified by any proposed conditions, to the site and its surroundings for the following reasons:

- The residence is an English Tudor Revival. No changes are proposed to the front of the residence and the materials used in the addition match those of the existing residence.
- As conditioned, the applicant shall submit a cut sheet detailing the method of installation of the windows.
- As conditioned, the applicant shall delineate the location of the trash storage to ensure it is not visible from the public right-of-way.
- Privacy of surrounding neighbors is maintained given the uses of the rooms in the proposed addition and the location of the addition and the proposed windows.

Response to Community Input Received During Comment Period

There was no community input received for this project during the comment period.

This approval is for the project design only. Administrative Design Review approval of a project does not constitute compliance with the Zoning Code and/or Building Code requirements.
