RELATIONSHIP TO CITY COUNCIL PRIORITIES

Exceptional Customer Service

Information Services is committed to providing extraordinary customer service centered on the principles of quality and customer satisfaction through the delivery of flawless and seamless service to every customer.

Informed & Engaged Community

ISD continually endeavors to use technology to conduct the business of government with integrity, openness, and inclusion. ISD strives to enable excellent customer service, looking for multiple opportunities to create an informed community with a positive perception of City government. ISD provides all major public documents via the web as required by law in a convenient and highly accessible manner so they are available to the whole community. ISD provides a variety of e-government services on the City's website, enabling residents and businesses to access information regarding City decisions and policies.

ISD continually searches for ways to improve services while reducing costs. Major systems that are mission-critical to City departments are operated and maintained to ensure high-availability and responsiveness. Upgrades to these systems are constantly evaluated and cost-effective solutions are implemented. New technologies are evaluated annually according to industry best practices. ISD consistently advocates for the use of proven and reliable technology to streamline business processes and reduce operating costs. ISD also looks for consolidation opportunities with systems such as the Fire/Police radios and City Enterprise Financials that include Purchasing and Human Resources modules. ISD's goal is to enhance customer experience by implementing effective technology services and resources and ensuring data integrity.
