protective clothing,
and a hat**

**Bring your water
bottle, sun screen,
and gloves**

Today we celebrate National Moon Day!
On July 20, 1969 man first set foot on the Moon.
It has been 50 years since that historic day.
Do you remember where you were at that exact moment?
Were you even born?

Join us for our July Workday as we continue our assigned mission to remove invasive plants, water, and weed around the trees. In honor of this day "Moon Pies" and "Tang" will be served to all participants (along with our usual water and trail snacks).

We have tasks for all ages and abilities. This is a great event for families, individuals, groups, clubs, students and Astronauts.
