**Saturday, September 21st is  
National Dance Day**

**This holiday was started in 2010  
and is sponsored by the American  
Dance Movement. It encourages  
people to incorporate dance as a  
part of a healthy, active lifestyle.**

Some of us have two left feet and would never step on the dance floor. Others love to get up and trip the light fantastic (dance). We don't have a dance floor at the park, but we can promise you a morning of movement, activity, and the start of an active lifestyle. Join us for our September Workday as we continue our quest to remove invasive plants. We will also water, weed, and mulch around the recently planted trees.

So put on your dancing shoes (sturdy, closed toe shoes for hiking and working in the park) and join the fun.

We have tasks for all ages and abilities. This is a great event for families, individuals, groups, clubs, and students needing Community Service hours.
