CITY OF GLENDALE GENERAL FUND

The **General Fund** is the City's primary operating fund. It accounts for the majority of financial resources and outlays for services that the public typically associates with local government. The General Fund provides the majority of ongoing governmental services that are not funded through dedicated (restricted) funding sources. These services include Fire, Police, Library, Arts & Culture, Community Services & Parks, Community Development, Public Works and general administrative staff support services that include the City Clerk, City Treasurer, City Attorney, City Manager, Administrative Services-Finance, Human Resources, and Innovation, Performance and Audit. This fund is supported by general taxes including property, sales, utility users, and other taxes, in addition to various fees and transfers from other funds.

In FY 2019-20, Glendale voters approved the Quality of Life and Essential Services Protection Measure (otherwise known as "Measure S"), which increased the sales tax rate in the City by 0.75%, to a new total of 10.25%, effective April 1, 2019. It is estimated that the City will receive \$22.2 million in sales tax revenue from Measure S in FY 2020-21. All revenues and expenditures for Measure S will be accounted for separately in the General Fund and in the Measure S Capital Improvement Fund (Fund 4011) to account for all CIP-related activity.

The Budget Message, the Budget Guide, and the Resources & Appropriations sections of this document provide more in-depth discussions on the FY 2020-21 General Fund budget, including budget assumptions, expenditure and revenue highlights, transfers to other funds, and the financial forecast.

The following pages provide a summary of the City's General Fund budget.

Notes:

* Revenues in FY 2018-19 and Revenues and Appropriations in FY 2019-20 and FY 2020-21 include Measure S funds.

** Net use of fund balance does not account for \$667,296 in additional resources from the assigned Economic Development use of fund balance; however, this includes \$3,493,062 in surplus Measure S revenues that were not appropriated for FY 2020-21.

Spe cial Revenue Funds consist of those "restricted receipts" which may not be used for general municipal purposes. They are restricted by local ordinance, state or federal statutes, and may only be used for specific purposes. These groups of funds represent services funded primarily by other levels of government and not traditionally provided by local government. Most of the federal, state, and county grants that the City receives are accounted for in special revenue funds and must be spent and accounted for according to the specific grant requirements. Should the funding for most of these programs be eliminated, it is likely that the services would also be eliminated. Unspent revenues can be carried over to the next fiscal year because the use of the revenues is restricted and the projects they are designed to fund may take multiple fiscal years to complete. Below is a brief description of each of the thirty-nine (39) *Special Revenue Funds* included in this section.

- <u>CDBG Fund (2010)</u> is used to account for grants received from the U.S Department of Housing and Urban Development (HUD) and expended by the City as a participant in the Federal Community Development Block Grant Program. This program started in 1974 and since then has the greatest level of community participation and demand for service.
- <u>Housing Assistance Fund (2020)</u> is used to account for monies received and expended by the City under Section 8 Housing Choice Voucher Program of the Federal Housing and Urban Development Act for rental housing assistance to low-income families.
- <u>Home Grant Fund (2030)</u> is used to account for monies received and expended by the City under the HOME Investment Partnerships Program to strengthen public-private partnerships and to preserve and provide affordable housing.
- <u>Continuum of Care Grant Fund (2040)</u> is used to account for monies received by the City under the Continuum of Care Grant Program to address the needs of the homeless in the City.
- <u>Emergency Solutions Grant Fund (2050)</u> is used to account for monies received by the City under the Emergency Solutions Grant Program to address the needs of the homeless in the City.
- <u>Workforce Innovation and Opportunity Act Fund (2060)</u> is used to account for grant monies received and expended in the federally funded job training program.
- <u>Affordable Housing Trust Fund (2090)</u> is used to account for monies received by the City from inclusionary housing fees for the San Fernando Corridor Redevelopment Project Area; from program income from affordable housing investments other than federal HOME or Low Moderate Income Housing Asset Fund; or from density bonus affordable housing application and monitoring fees. Funds are expended for affordable housing development and monitoring of affordable housing requirements.
- <u>Urban Art Fund (2100)</u> is used to account for art fees collected by the City from contractors to make sure that art is added to all new construction in the City.
- <u>Glendale Youth Alliance Fund (2110)</u> was established in FY 2010-11 to account for monies received and expended by the "self-sustaining" programs provided by the Glendale Youth Alliance (GYA). Prior to the establishment of this fund, GYA was housed entirely in the General Fund and various controlled programs were used to account for monies received and expended within these self-sustaining programs. These programs are self-sustaining because youth employment fees are charged to customers for services provided. The estimated revenue for the youth employment fees is the determining factor in establishing the program budgets. Since revenues deposited into the General Fund are considered to be a part of the general pool of monies, and the revenue generated through the

youth employment fees need to be appropriated for the self-sustaining programs only, it was decided that the creation of a Special Revenue Fund would better meet the needs of these programs.

- <u>BEGIN Affordable Homeownership Fund (2120)</u> is used to account for monies received by the City from the state Building Equity and Growth in Neighborhoods (BEGIN) Program. Funds are expended to provide down payment assistance or homeowner rehabilitation loans to low- and moderate-income home buyers.
- <u>Low & Moderate Income Housing Asset Fund (2130)</u> is used to account for monies received as program income, which includes rental income, Ioan repayments and other related sources from previous Low and Moderate Income Housing Fund investments. Funds are expended for affordable housing purposes in accordance with state laws, including California Redevelopment Law and the Health and Safety Code.
- <u>Miscellaneous Grant Fund (2160)</u> is used to account for various non-CIP reimbursable grant projects received and expended citywide.
- <u>Filming Fund (2170)</u> was created in FY 2015-16 to account for reimbursements received and expended from filming activity within the City. Effective FY 2019-20, the Filming Fund resources and appropriations were shifted into the General Fund.
- <u>Recreation Fund (2180)</u> is used to account for the various recreation programs offered by the Community Services & Parks Department. These programs are self-supporting and generate their revenue through user fees. Effective FY 2019-20, the Recreation Fund resources and appropriations were shifted into the General Fund.
- <u>Hazardous Disposal Fund (2190)</u> is used to account for the operations of the toxic waste disposal in the City.
- *Parking Fund (2210)* is used to account for the operations of City-owned public parking lots and garages.
- <u>Measure M Local Return Fund (2220)</u> is used to account for monies received from the ½ cent sales tax increase approved in November 2016 by Los Angeles County voters and the related transportation and traffic congestion expenses.
- <u>Measure M Sub Regional Fund (2230)</u> is used to account for monies received from the ½ cent sales tax increase approved in November 2016 by Los Angeles County voters, and the related transportation and traffic congestion expenses.
- <u>Measure H Fund (2240)</u> is used to account for monies received from the ¼ cent sales tax increase approved in March 2017 by Los Angeles County voters, and the related homeless services and prevention expenses.
- <u>2011 TABs Housing Fund (2250)</u> is used to account for housing expenses funded by the Glendale Successor Agency 2011 Tax Allocation Bonds (housing portion).
- <u>Measure W Fund (2260)</u> is used to account for monies received from the County wide parcel tax of \$0.025 per square foot of impermeable surface area, such as paved/built areas where water cannot be absorbed into the ground. Funds are expended on storm water maintenance and management.

- <u>Air Quality Improvement Fund (2510)</u> is used to account for monies received from the South Coast Air Quality Management District and expended on air pollution reduction.
- <u>Public Works Special Grants Fund (2520)</u> is used to account for various grants received and expended by the Public Works department.
- <u>San Fernando Landscape District Fund (2530)</u> is used to account for assessments and expenditures associated with the San Fernando Road Corridor (SFRC) Landscape & Maintenance District Project.
- <u>Measure R Local Return Fund (2540)</u> is used to account for the ½ cent sales tax increase, which was voter-approved in November 2008 to fund the transportation needs of Los Angeles County. The collection of the tax began on July 1, 2009. Fifteen percent (15%) of the Measure R tax is designated for the Local Return (LR) Program to be used by cities and the County of Los Angeles. The Los Angeles County Metropolitan Transportation Authority (LACMTA) allocates and distributes LR funds monthly to the City on a per capita basis. The Measure R ordinance specifies that LR funds are to be used for transportation purposes only. Eligible projects include streets and roads, traffic control measures, bikeways and pedestrian improvements, and public transit services.
- <u>Measure R-Regional Return Fund (2550)</u> is used to account for a portion of the ½ cent sales tax increase, which was voter approved in 2008, to fund transportation improvements in Los Angeles County. The LACMTA reimburses the City on a project by project basis. The Measure R ordinance specifies that these regional funds are to be used for designated "highway projects" as outlined in the ordinance.
- <u>Transit Prop A Local Return Fund (2560)</u> is funded through two ½ cent sales tax measures to finance the Transit Development Program. The Proposition A ordinance was approved in 1980 and the collection of taxes began on July 1, 1982. Twenty-five (25%) percent of the tax is designated for the Local Return (PALR) Program and the LACMTA distributes these funds monthly to the City on a per capita basis. The Proposition A ordinance specifies that PALR funds are to be used exclusively to benefit public transit. Eligible uses of PALR funds include expenditures related to fixed route and paratransit services, transportation demand management, transportation systems management and fare subsidy programs.
- <u>Transit Prop C Local Return Fund (2570)</u> is funded through a ½ cent sales tax measure to finance the Transit Development Program. The Proposition C ordinance was approved in 1990 and collection of the taxes began on April 1, 1991. Twenty (20%) percent of the tax is designated for the Local Return (PCLR) Program and LACMTA distributes these funds monthly to the City on a per capita basis. The Proposition C ordinance specifies that PCLR funds are to be used to benefit public transit service and expanded the eligibility of projects to include congestion management programs and street improvements to support public transit service.
- <u>Transit Utility Fund (2580)</u> is used to account for the operating and capital costs for revenues generated by the City's public transit system. The City's transit system consists of the Glendale Beeline fixed route bus service and the sub-regional demand response service known as Glendale, La Crescenta, and La Canada Flintridge Dial-A-Ride. Revenue for this fund is derived from dedicated federal and regional operating and capital grants, sales of transit service to neighboring jurisdictions, auxiliary revenues, passenger fares and transfers from Transit Prop A Local Return Fund (2560) and Transit Prop C Local Return Fund (2570).
- <u>Asset Forfeiture Fund (2600)</u> is used to account for the proceeds of money or property seized as a result of illegal activities. The proceeds shall be expended only for law enforcement purposes.

- <u>Police Special Grants Fund (2610)</u> is used to account for various federal, state, and county grants received and expended by the Police Department to support programs such as safe cities, project safe neighborhood, seat belt enforcement, traffic education enforcement, sobriety checkpoints, wellness, technology purchases, and personnel training.
- <u>Supplemental Law Enforcement Fund (2620)</u> is used to account for monies received from the State of California which provides funding for local agencies for the Citizen's Option for Public Safety Program (COPS).
- *Fire Grant Fund (2650)* is used to account for grant monies received and expended for fire prevention programs.
- <u>Fire Mutual Aid Fund (2660)</u> is used to account for reimbursements and costs associated with responding to fire incidents (mutual aid) outside the City's jurisdiction. Reimbursements are received from either the federal or state government for labor, equipment, and overhead costs associated with the incident response. Prior to this fund, these reimbursements and costs were recorded in the General Fund.
- <u>Special Events Fund (2670)</u> is used to account for reimbursements received from various of sources for City personnel services provided to special events. Effective FY 2019-20, the Special Events Fund resources and appropriations were shifted into the General Fund.
- <u>Nutritional Meals Grant Fund (2700)</u> is used to account for monies received from federal assistance programs for senior citizen services.
- <u>Library Fund (2750)</u> is used to account for grant monies, donations, and special revenues received from State and local agencies to be expensed for library programs.
- <u>Cable Access Fund (2800)</u> is used to account for the receipt of the public education and programming (PEG) fee and associated lease payment between the City and the Glendale Financing Authority. Effective FY 2009-10, the appropriations for the Cable Access Fund were moved to the General Fund.
- <u>Electric Public Benefit Fund (2910)</u> is used to account for the Public Benefit Charge (PBC) that is assessed on electric customers. As mandated by *Assembly Bill 1890*, funds generated from the PBC shall be used to fund public benefit programs, such as low-income projects, research and development, and demonstration programs.

The total appropriation in the Special Revenue Funds for FY 2020-21 is \$114.7 million, which reflects a net increase of approximately \$5.1 million, or 4.6%, when compared to last year. The net increase is the result of various appropriation increases and decreases for each fund within this major fund type. Additional details of the changes within the *Special Revenue Funds* can be found in the *Resources & Appropriations* and *Combined Fund Statement* sections of this book.

CITY OF GLENDALE **DEBT SERVICE FUNDS**

Debt Service Funds are used to account for the accumulation and disbursement of financial resources that will be used to make principal and interest payments on general long-term debt of the City of Glendale. This fund type is recognized in Generally Accepted Governmental Accounting Standards.

Cities have three choices in financing their operations and funding public facilities: pay-as-you-go, debt financing, and public/private ventures. The City has used debt financing primarily to finance major capital facilities or to pre-pay long-term obligations. It is the practice of the City to ensure that all annual debt obligations are met. The City's General Fund has no outstanding general obligation (GO) debt. In addition, the City monitors trustee-held accounts and guaranteed investments, complies with bond covenants and Internal Revenue Service regulations, discloses the required information to the municipal bond market and manages liquidity and credit enhancement contracts.

The City's long-term debt is comprised of revenue bonds. There is one Lease Revenue Refunding Bond Fund with an appropriation for FY 2020-21: Police Building 2019 Fund (3031).

The following is a brief summary of the City's active Debt Service Fund:

<u>Police Building 2019 Fund (3031)</u> is used to accumulate monies for the interest and principal payments
of the 2019 lease revenue refunding bonds. The debt service is financed via the interest earnings in the
fund and a transfer from the General Fund.

Interest and principal payments budgeted in the Debt Service Fund for FY 2020-21 total \$3.0 million.

The three-year contract with Bank of America to purchase the City's Variable Rate Demand Certificates of Participation (2000 Police Building Project) expired on July 8, 2019. Leaving the COPs in its variable interest rate mode would result in an expected additional cost to the General Fund of \$2.7 million. Thus, in April 2019, City Council and the Housing Authority approved the creation of the Glendale Municipal Financing Authority (GMFA) to assist in refinancing the COPs. On April 16, 2019, City Council and GMFA approved the issuance of bonds to refinance the COPs. The GMFA 2019 Lease Revenue Refunding Bonds were officially issued on June 25, 2019 for \$24.9 million and the outstanding Glendale COPs were fully redeemed for \$29.9 million.

BOND RATING

The bond rating process is an analysis of the City's current financial condition and a forecast of future financial performance conducted by various rating agencies. There are three prominent rating agencies: Standard & Poor's (S&P), Moody's, and Fitch. Bond ratings provide investors with a simple way to compare the relative investment quality of different bonds. Bond ratings express the opinions of the rating agencies as to the issuer's ability to pay debt service when it is due. In general, the credit rating analysis includes the evaluation of the relative strengths and weaknesses of the following four factors as they affect an issuer's ability to pay debt service: fiscal, economic, debt, and management factors. Bonds which are rated AAA & Aaa are judged to be the best quality. The higher the rating for a debt issuance indicates a higher probability that all obligations will be honored. As such, higher rated debt carries a smaller amount of risk and a lower interest rate. As there are many factors that can impact an entity's financial condition and ability to service its debt, rating agencies will periodically review and update their bond ratings as needed.

As of June 2020, Fitch Ratings affirmed their rating of 'AA' and Standard & Poor's (S&P) affirmed their rating of 'AA' for the 2019 GMFA Lease Revenue Refunding Bonds. Moody's Investors Service did not

CITY OF GLENDALE **DEBT SERVICE FUNDS**

rate these bonds. The aforementioned agency ratings are positive indicators of the City's strong financial position, prudent financial and budgetary policies, and overall creditworthiness.

As of June 2020, Standard & Poor's (S&P) affirmed the City's implied general obligation rating of 'AA+'. S&P's opinion is that the City has a stable outlook due to its overall creditworthiness that remains strong, evidenced by good revenue growth in recent years, along with very strong reserves. Fitch Ratings affirmed the City's implied general obligation rating of 'AA+'. This rating reflects the City's strong revenue growth prospects, moderate long-term liability burden, solid expenditure flexibility, and consistently strong reserves relative to expected revenue volatility and budget flexibility. Moody's Investors Service affirmed the City's robust financial position, an extensive tax base with a healthy wealth and income profile, a negligible debt burden, but a very burdensome pension liability. As of June 30, 2020, the City's General Fund has no outstanding GO debt.

The City's current bond ratings are as follows:

Debt Issue	Moody's Investors Service	Standard & Poor's (S&P)	Fitch Ratings
Issuer Credit Rating/Implied General Obligation	Aa2	AA+	AA+
GMFA 2019 Lease Revenue Refunding Bonds	N/A	AA	AA

The annual debt service requirement to amortize governmental long-term bonded debt in the Debt Service Fund as of June 30, 2020 is as follows (in thousands):

CITY OF GLENDALE LEGAL DEBT MARGIN Through June 30, 2019 (unaudited)

Under the City Charter, the total bonded debt of the city shall at no time exceed a total of fifteen (15) percent of the assessed valuation of all property taxable for city purposes. The most recent preliminary assessment was provided by City's property tax consultant, HDL Properties, based on the County of Los Angeles' Auditor-Controller Tax Rolls as of August 2020, wherein the City's net assessed property value is estimated to be approximately \$28.3 billion. The City's charter required debt limit is calculated to be fifteen percent of this value, or approximately \$4.2 billion. The legal debt margin is also calculated to be \$4.2 billion, reflecting that there is currently no outstanding debt applicable to the legal debt limit and that the City is not at risk of exceeding this limit.

The **Capital Improvement Program (CIP)** is primarily a tool for the long-range planning and programming of the City's capital needs. It provides a method for prioritizing the needs of the community. Capital improvements are projects of large scope which usually result in new public facilities or major improvements to existing public facilities. Also included in this broad definition of the term are: major replacements and reconstructions; items of large equipment, such as fire trucks, furniture, and other equipment (when purchased as a part of the initial projects); and acquisition of land needed for projects within and beyond the immediate five-year period.

Due to the size of CIP projects, they are planned and budgeted on a ten-year basis, with the "Future Years" column representing a five-year time span. When the FY 2020-21 City of Glendale budget was adopted by the City Council, only the FY 2020-21 CIP budget was approved and authorized. All projects are evaluated annually during the budget process and, as funding permits, resources are allocated to those projects deemed most important to the community and in alignment with the City Council's priorities. The remaining projects and anticipated appropriations are a general guide for the following four to nine years. Their inclusion in this budget is for informational and planning purposes. Thus, the City government has an annual review of its capital program, and there is assurance that every project undertaken is carefully evaluated in relation to all other needs, so that funds expended will be the most beneficial for the public.

All City governmental capital improvements are funded on a "pay-as-you-go" or cash basis, but the City recognizes that there may be times when an alternative financing strategy may be the preferred option. All viable financing strategies (e.g., General Obligation Bonds, Certificates of Participation, and Lease-Back arrangements, etc.) are considered in light of their respective projects, and adequate consideration is given to their possible benefits or consequences.

The downturn in the economy from the Great Recession and the State's consequential efforts to take local resources have had a significant impact on the City's ability to improve its infrastructure, most notably the General Fund CIP portion. To help mitigate the impact of the economic downturn, sales tax revenue that was once deposited into the CIP Fund (Fund 4010) remains in the General Fund with minimal annual transfers to the CIP Fund. In FY 2019-20, the General Fund transfer of sales tax revenues to the CIP Fund totaled 2.00%. Due to the COVID-19 pandemic and its effects on the General Fund budget, especially as it relates to the Sales Tax revenue category, this transfer has been waived for FY 2020-21.

There are currently twelve (12) funds under the Capital Improvement Program Category: the General Fund CIP (Fund 4010), Measure S CIP Fund (Fund 4011), State Gas Tax Fund (Fund 4020), Scholl Canyon Landfill Post-Closure Fund (Fund 4030), Parks Mitigation Fee Fund (Fund 4050), Library Mitigation Fee Fund (Fund 4070), Parks Quimby Fee Fund (Fund 4080), CIP Reimbursement Fund (Fund 4090), San Fernando Corridor Tax Share Fund (Fund 4100), Housing Development Impact Fee Fund (Fund 4110), 2011 TABs Project Fund (Fund 4120), and Measure A Fund (Fund 4130). Other than the funds listed above, there are additional CIP projects that are appropriated within a variety of other funds across departments. These projects are related to public transit, parks, library, street, sewer, refuse, and electric and water utilities, which are funded from other sources, such as federal, state, and regional funding or revenue generated from enterprise funds. In order to present the citywide Capital Improvement Program, this section will include discussion not only for the CIP Category funds, but on all current citywide CIP projects.

The City's total CIP appropriation for FY 2020-21 is approximately \$64.9 million, including the \$4.9 million transfer out of the CIP Fund (Fund 4010) into the Scholl Canyon Landfill Post-Closure Fund (Fund 4030), and the \$7.0 million in appropriations approved for Measure S.

Below are the major highlights of the City's CIP program for FY 2020-21 by department.

- Community Development Department comprises \$6.0 million of the total CIP appropriation for FY 2020-21, all of which is in the Measure S CIP Fund (Fund 4011), as approved by the City Council, for new affordable housing developments.
- Community Services & Parks comprises \$3.2 million of the total CIP appropriation for FY 2020-21, of which \$495 thousand is in the CDBG Fund (Fund 2010), \$825 thousand is in the General Fund CIP Fund (Fund 4010), \$1.0 million is in the Measure S CIP Fund (Fund 4011), and \$921 thousand is in the newly established Measure A fund (Fund 4130). Some of the major projects budgeted for FY 2020-21 include the Measure S Recreational Land Acquisition (\$1.0 million) and the Pelanconi Park Playground Replacement and Shade Structure (\$495 thousand).
- Glendale Water & Power comprises \$18.3 million of the total CIP appropriation for FY 2020-21, of which \$10.1 million is for projects budgeted in the Electric Utility Funds (Fund 5830 and Fund 5850), and \$8.2 million in the Water Utility Funds (Fund 5930 and Fund 5950). Some of the significant projects budgeted for FY 2020-21 include the Pipeline Management Program (\$3.5 million), GWP Solar Project (\$2.0 million), Substation Transformers Replacement (\$1.2 million), and Howard Building Tenant Improvements (\$1.2 million).
- Public Works comprises \$32.5 million of the total CIP appropriation for FY 2020-21, of which \$699 thousand is in the CIP General Fund (Fund 4010), \$1.5 million is in the Parking Fund (Fund 2210), \$760 thousand is in the Measure W Fund (Fund 2260), \$2.9 million is in the Measure R Regional Fund (Fund 2550), \$10.1 million is in the State Gas Tax Fund (Fund 4020), \$550 thousand is in the CIP Reimbursement Fund (Fund 4090), \$15.1 million is in the Sewer Fund (Fund 5250), and \$1.0 million is in the Refuse Disposal Fund (Fund 5300). Some of the major projects budgeted for FY 2020-21 include the LA-Glendale Water Reclamation Plant (\$6.5 million), Maintenance District 6 Pavement Rehabilitation (\$6.0 million), and Hyperion Wastewater System (\$3.9 million).

The schedules on the following few pages provide a list of all the active CIP projects citywide, including project appropriations, life-to-date expenditures, and forecast.

SUMMARY OF CIP FUNDS APPROPRIATIONS & FUNDING SOURCES

The following section provides a summary, the listing of all the FY 2020-21 project appropriation, and the funding sources of the General Fund Capital Improvement Fund (Fund 4010), Measure S Capital Improvement Fund (Fund 4011), State Gas Tax Fund (Fund 4020), Scholl Canyon Landfill Post-Closure Fund (Fund 4030), Parks Mitigation Fee Fund (Fund 4050), Library Mitigation Fee Fund (Fund 4070), Parks Quimby Fee Fund (Fund 4080), CIP Reimbursement Fund (Fund 4090), San Fernando Corridor Tax Share Fund (Fund 4100), Housing Development Impact Fee Fund (Fund 4110), 2011 TABs Project Fund (Fund 4120), and Measure A Fund (Fund 4130).

General Fund CIP (Fund 4010)

The main revenue sources for the General Fund CIP (Fund 4010) for FY 2020-21 comes from the Scholl Canyon Royalty Fee. In prior years, a portion of the Sales Tax revenues received in the General Fund were transferred to the General Fund CIP; however, this has been waived for FY 2020-21 due to projected revenue impacts in the General Fund resulting from the COVID-19 pandemic. The FY 2020-21 General Fund CIP (Fund 4010) includes \$6.4 million of new appropriations. The schedule below provides a summary of the General Fund Capital Improvement Program, including all the revenues and appropriations, as well as projected ending fund balances ending June 30.

CITY OF GLENDALE GENERAL FUND CAPITAL IMPROVEMENT PROGRAM - FUND 4010 (in Thousands)

Notes:

*Assumptions

1) All Grant related expenditures in the CIP fund will be 100% reimbursed.

2) All remaining appropriations including encumbrances are spent.

** This includes FY 2019-20 expenses for projects that closed during FY 2019-20.

Measure S CIP Fund (Fund 4011)

The revenue source for this fund is sales tax revenue resulting from passage of the Measure S sales tax measure, a portion of which will be deposited in this fund to provide resources for the various Measure S funded capital project appropriations. For FY 2020-21, the Measure S CIP Fund includes \$7.0 million of new appropriations.

State Gas Tax Fund (Fund 4020)

The State gas tax is derived from taxes collected on each gallon of gasoline purchased in the State of California. Funding is allocated to cities on a shared basis based primarily on population. Gas tax revenues are restricted to be used for construction, improvement, and maintenance of public streets. For FY 2020-21, the State Gas Tax Fund includes new appropriations of approximately \$10.1 million.

Scholl Canyon Landfill Post-Closure Fund (Fund 4030)

As the operator of a solid waste landfill, the City is required to make transfers to a post-closure trust fund over the life of the landfill to ensure adequate resources are available for a 30-year commitment for post-closure maintenance. Necessary funding is set aside annually for this purpose.

Pursuant to Assembly Bill 2248 and the regulations established by the California Integrated Waste Management Board (Board), landfill operators are required to submit an initial cost estimate of closure and post-closure maintenance and to establish a financial mechanism to demonstrate the availability of funding to conduct closure and post-closure maintenance activities. The City selected a trust fund as the financial mechanism and the Board approved. The City Treasurer was designated as the trustee to ensure that the City set aside the required transfers annually. The City subcontracts with the Los Angeles County Sanitation District to operate Scholl Canyon and, as part of this contract, the County is responsible for the closure costs of Scholl Canyon. The City is responsible for the post-closure maintenance costs of Scholl Canyon. Based on an estimated average annual filled capacity of 400,000 tons, the Scholl Canyon Landfill has a remaining life of approximately five years. The City records the annual provision for the required landfill transfer as designated cash from the Capital Improvement Fund (Fund 4010) to the Landfill Post-Closure Fund (Fund 4030). The total designated cash balance in this fund is approximately \$42.6 million as of June 30, 2020. The total current cost of landfill closure and post-closure care is an estimate that is subject to change resulting from inflation, deflation, technology, or changes in applicable laws or regulations. It should be noted that funds have not been appropriated in this fund for FY 2020-21 and prior years. Cash has been set aside for a time after the eventual closure; therefore funds will be appropriated at some point in the future. Until such time, we will continue to accumulate funding for this future obligation. In FY 2020-21, the transfer to the Scholl Canyon Landfill Post Closure Fund is approximately \$4.9 million.

Parks Mitigation Fee Fund (Fund 4050)

The Parks Mitigation Fee Fund was created to mitigate the cost of developing new parks and rehabilitating existing parks and recreational facilities. Fund revenues are derived from fees imposed on new residential, commercial, and industrial developments. For FY 2020-21, there are no new appropriations in this fund.

Library Mitigation Fee Fund (Fund 4070)

The Library Mitigation Fee Fund was created to maintain adequate library services for new residents by mitigating the cost of developing new libraries and/or adding to existing collections. Revenues to the fund are derived from fees imposed on new residential, commercial, and industrial developments. For FY 2020-21, there are no new appropriations in this fund.

Parks Quimby Fee Fund (Fund 4080)

The Parks Quimby Fee Fund was created to mitigate the cost of developing new parks and rehabilitating existing parks and recreational facilities. Fund revenues are derived from fees imposed on new residential, commercial, and industrial developments. There are no new appropriations in this fund for FY 2020-21.

CIP Reimbursement Fund (Fund 4090)

The CIP Reimbursement Fund was established during FY 2013-14 and was created for capital improvement projects funded by grants. For FY 2020-21, there is a new appropriation in the amount of \$550 thousand.

San Fernando Corridor Tax Share Fund (Fund 4100)

The San Fernando Corridor Tax Share Fund was the County of Los Angeles' contribution to the City of Glendale of 60% of the County's share of tax increment (pass through) funds from the San Fernando Road Corridor Redevelopment Project Area, to be used by the City to construct regional public improvement projects benefiting the County. For FY 2020-21, there are no new appropriations in this fund.

Housing Development Impact Fee Fund (Fund 4110)

The Housing Development Impact Fee Fund was created to mitigate the cost of developing new affordable housing and rehabilitating existing housing and/or performing adaptive re-use projects for affordable housing. Revenues to the fund are derived from fees imposed on new commercial developments. For FY 2020-21, there are no new appropriations in this fund.

2011 TABs Projects Fund (Fund 4120)

The 2011 TABs Project Fund accounts for capital improvement project expenses funded by the Glendale Successor Agency 2011 Tax Allocation Bonds (non-housing portion). For FY 2020-21, there are no new appropriations in this fund.

Measure A Fund (Fund 4130)

The Measure A Fund was created in FY 2020-21 to account for projects related to repairing and upgrading parks and recreational facilities, creating new parks, and preserving and protecting open spaces and beaches as well as supporting recreational programming. For FY 2020-21, the Measure A Fund includes new appropriations of \$921 thousand.

The Schedules on the next few pages provide a summary of the budgets for the year ending June 30, 2021.

Project	Project Description	Adopted FY 2020-21		
Verdugo Park Renovations	As part of a mini-masterplan, renovate Verdugo Park including the infra-structure, landscaping, lighting, restrooms, concession building, and other park amenities.	\$-	No Impact	
Deukmejian Nature Education Center	The Le Mesnager Barn in Deukmejian Wilderness Park was built between 1914 and 1918 and has approximately 3,000 square feet of interior space. It is of historical significance as a relatively rare example of a two-story vernacular rock structure because of its association with George Le Mesnager (a prominent figure in this area in the early 20th century), its association with the early development of the wine industry in southern California, and the structure's unusual arched roof trusses. The structure will become a nature education center and community building with a focus on the natural and human history of the Crescenta Valley and San Gabriel Mountains. Funding will help complete the project by building a restroom and furnishing it.	\$-	Minimal Impact - Increase to maintenance, utilities, and personnel costs	
Citywide Playground Equipment	Replace existing playgrounds due to wear and tear to ensure the safety of the children using the playgrounds. Playgrounds planned for replacement this year include Nibley Park and Mayor's Bicentennial Park.	\$-	No Impact

CITY OF GLENDALE INTERNAL SERVICE FUNDS

Internal Service Funds are proprietary funds serving only the City of Glendale. These funds are established to account for any activity that provides goods or services to other funds and departments within the City of Glendale on a cost-reimbursement basis. These funds are intended to be self-supporting. Since these funds derive their resources from expensing the Governmental and Enterprise budgets, they are already included within the City budget and are presented for informational and memorandum control purposes. Below is a brief description of the fifteen (15) *Internal Service Funds* included in this section.

The fund also derives its revenue via a liability rate, which is a pooled insurance rate that is distributed to all City departments.

*Unassigned and Charter Reserve Fund Balance

The table above illustrates the estimated fund balances as of July 1, 2020 (un-audited), the adopted resources and appropriations for FY 2020-21, and the projected ending fund balances at June 30, 2021. Fund balance is a good indicator of a fund's financial health and represents the accumulated annual operating surpluses and/or deficits since the fund's inception. Some of the major changes in the various fund balances are discussed below.

General Fund (Fund 1010) – Including the effects of Measure S revenues, the General Fund balance is projected to decrease by \$1.9 million, or 2.30%, for FY 2020-21. This amount does not account for \$667 thousand in additional resources from the assigned Economic Development use of fund balance, a result of the Economic Development function returning to the General Fund as of July 1, 2016. After taking into account the resource from the assigned fund balance, the total adopted FY 2020-21 has a budget gap of \$4.8 million, largely due to the anticipated financial impacts of COVID-19 and the ongoing increases in PERS rates.

Capital Improvement Funds (Funds 4010 & 4011) – The fund balance is projected to decrease by \$2.0 million, or 6.92%. Some of the major projects that received appropriation for FY 2020-21 include placing artificial turf at the Sports Complex Field 3, Central Library Elevator Improvements, Brand Library Elevator Improvements, Unanticipated repairs at Parks and for the Brand Park T-Ball Field. Given the financial constraints in this fund for the foreseeable future, we will continue to closely monitor and analyze all projects and prioritize them accordingly. Projects will only be approved to the extent that resources become available.

Also in FY 2020-21, \$7.0 million was appropriated as part of the adopted budget in the Measure S Capital Improvement Fund (Fund 4011) for acquiring new affordable housing developments (\$6.0 million) and for land for recreational purposes (\$1.0 million).

CITY OF GLENDALE SUMMARY OF CHANGES IN FUND BALANCE

Sewer Fund (Fund 5250) – The fund balance is projected to decrease by \$18.0 million, or 8.75%. The decrease is attributable to new appropriations towards capital improvements projects, most notably the South Verdugo Road Rehabilitation Project, the On Call Sewer and Storm Drain Repair Services. There are also increases to the amortization expense, depreciation, equipment purchases, and ISD service charge. There is sufficient fund balance to support the appropriation for these projects.

Electric Utility Funds (Funds 5810-5880) – The aggregate fund balance for the Electric Utility Funds is projected to decrease by \$6.0 million, or 1.88%. The decrease is mainly attributable to an estimated 5.0% decrease in revenues to be collected for FY 2020-21 based off of current trends. Increases in contractual services also contributed to the increase.

Capital Projects Funds (Funds 4020-4110) – The aggregate fund balance for the Capital Projects Funds is projected to increase by \$5.9 million, or 4.37%. The increase is mainly attributable to the annual transfer from the Capital Improvement Program Fund (Fund 4010) to the Scholl Canyon Landfill Post-Closure Fund (Fund 4030). The City annually transfers monies to this fund in order to ensure adequate resources are available upon closure of the landfill, although no appropriation is made in this fund, thereby considerably adding to the fund balance. The projected increase in fund balance is also due to a decrease in new appropriations towards projects for FY 2020-21.

Debt Service Fund (Fund 3031) – The fund balance is projected to decrease by \$1.3 million, or 9.48%, to account for the annual repayment on the debt related to the construction of the police building in the Police Building Project Fund (Fund 3031).

Non-major Enterprise Funds (Funds 5300, 5400, & 5800) – The aggregate fund balance for all Non-major Enterprise Funds is projected to decrease by \$9.5 million, or 26.23%. The decrease is mainly attributable to appropriations toward equipment purchases, disposable costs at Scholl Canyon, depreciation and general supplies in the Refuse Disposal Fund (Fund 5300). The decrease is also attributable to an increase in contractual services, personnel costs, depreciation and ISD service charges in the Fire Communications Fund (Fund 5800).

Internal Service Funds (Funds 6010-6600) – The aggregate fund balance for the Internal Service Funds is projected to decrease by \$21.6 million, or 25.40%. The decrease is attributable to the reduction in the internal service rates for Building Maintenance and Fleet in FY 2020-21, resulting in less projected revenue coming into these funds to be used towards appropriated vehicle and equipment purchases and contractual services. The decrease is also due to the increase of medical premiums and claims, cost allocation charges and depreciation.
