CITY OF GLENDALE

FIRE

- Response - Fire Operations provides the City of Glendale and our mutual aid partners with emergency services including fire suppression, emergency medical care, hazardous materials response, arson investigation, and calls for service in addition to responding to continuous and increasing emergency incidents.
- Community Outreach - Operations personnel provide a wide variety of community outreach and public education in fire safety, CPR, and other life safety skills.

The mission of the Glendale Fire Department **Emergency Medical Services** section is to provide the highest most compassionate level of life support to the community. Over 80% of the Glendale Fire Department's responses are medical in nature. All sworn fire personnel are trained and certified Emergency Medical Technicians and many have received extensive training to become Firefighter Paramedics. Glendale Fire Engines are staffed with two paramedics at all times.

The EMS section is charged with overseeing all aspects of medical response. Among its responsibilities are EMS training, maintenance and documentation of EMS records, management of the Ambulance Operator program, administration of the Glendale Medic membership program, interfacing with the transport billing agency, continuing education, updating personnel licensing, equipment and product research and recommendation, recruitment, and community outreach events such as sidewalk CPR.

The Training and Safety section provides and documents training of department personnel in accordance to established policies, procedures, and to National Fire Protection Association (NFPA) standards. The Training and Safety section provides in-service continuing education for all suppression staff, conducts semiannual fire recruit academies, administers both engineer and captain promotional exams and academies, manages activities at two fire training facilities, oversees required State Fire Marshal credential courses, and coordinates with the Glendale Community College Verdugo Fire Academy which is colocated at the main Glendale Fire Department training facility.

This section is a member of and participates in the Los Angeles Area Fire Chief's Association Regional Training Group. The Glendale Training and Safety section also develops, recommends, and implements safe practices in relation to department operations. Training and safety manages and oversees the Department's participation as a member of the California Firefighters Joint Apprenticeship Committee. The Training & Safety section is also responsible for management and oversight of the Fire Fleet and Arson programs.

The goal of the **Fire Prevention Bureau** is to safeguard the community from fire and environmental hazards through programs providing for adherence to fire regulations, public education, and hazard mitigation. This section ensures the fire, life, and environmental safety of the community by plan review and construction and occupancy inspections. The section is housed in two facilities, the Fire Prevention Bureau (FPB) on Flower Street and the Fire Engineering Unit (FEU) located within the Permit Services Center on the first floor of the Municipal Services Building on the campus of City Hall. The FEU provides development related services at the Permit Services center. Personnel conduct technical plan reviews

throughout the entire development cycle of the plan review/permitting process and conduct inspections for new construction projects.

The FPB is the headquarters of the section and houses the majority of the section's inspectors who conduct technical inspections of new construction and certain existing occupancies for a wide variety of code compliance issues. This section also performs business and residential fire prevention and vegetation management inspections including comprehensive fire pre-planning for high risk and special hazard properties. The Environmental Management Center (EMC) provides environmental safety services and is also found at the Flower Street location.

Environmental safety encompasses the "life cycle" of hazardous materials and hazardous wastes by combining several elements of responsibility. These elements include, but are not limited to:

- Hazardous Materials Management and Release Reporting (HMMRP)
- California Accidental Release Prevention (Cal/ARP)
- Underground Storage Tanks (UST)
- Aboveground Storage Tanks (AST)
- Hazardous Waste Generator & Treatment (HWGT)
- Industrial Waste (IW)

Household Hazardous Waste (HHW) from Glendale and La Canada residents is collected every Wednesday and Saturday. The HHW collected is recycled as much as possible, thereby diverting this waste from landfills. The EMC also collects used motor oil every Thursday through a curbside collection program. The EMC also serves as a drop-off location for the Operations Section to drop off hazardous materials and waste picked up from emergency incidents.

The **Public Education and Disaster Preparedness Sections** are responsible for:

- Delivery of fire safety training to schools and community groups, coordination of Community Emergency Response Training (CERT) to Glendale residents, public education requests and organizing community charity events and fundraisers.
- Managing the City's emergency preparedness activities and the Emergency Operations Center. This section provides leadership and training to all City departments to ensure their preparedness to manage the consequences of natural or man-made disasters.
- Maintaining and updating citywide disaster plans. Conducting emergency preparedness training such as earthquake and active shooter drills.
- Research and apply for applicable grants with an emphasis on hazard mitigation, public education and disaster related activities.

The Verdugo Fire Communications Center (Verdugo) receives emergency calls related to fire and medical incidents from 12 cities and the Hollywood Burbank Airport, ensuring that the correct resources are dispatched immediately to respond and assist.

CITY OF GLENDALE

FIRE

Verdugo is responsible for providing highly trained staff to receive and process incident reports that arrive by 9-1-1 and other emergency phone lines, as well as by radio. Call processing includes emergency medical dispatch and pre-arrival instructions, when needed, to supply first-aid instructions until help has arrived and to assist first responders with locating the victim quickly.

This service is provided for the cities of Alhambra, Arcadia, Burbank, Glendale, Monrovia, Montebello, Monterey Park, Pasadena, San Gabriel, San Marino, Sierra Madre, South Pasadena, and the Hollywood Burbank Airport.

Verdugo also serves as Area C Coordinator within Region I for the California Master Mutual Aid System. Verdugo staff coordinates single overhead resources (task oriented personnel requests) for Incident Management Team needs and strike team activity for brush fires or other large events, utilizing key resources from each of the thirteen cities that it serves.
