**A Message From
Yasmin Beers**

Glendale City Manager

As we prepare to head into warmer temperatures filled with swimming and other recreational water activities, it is important to know how to stay safe while you and your children are in or near the water.

According to the U.S. Centers for Disease Control and Prevention, drowning is the 5th leading cause of unintentional death in the United States. Children are at a particularly high risk, with about 1 in 5 fatalities involving children aged 14 and younger. For every child that loses his or her life, another 5 receive emergency treatment for nonfatal submersion injuries. This problem needs to be addressed to prevent these tragic, and entirely preventable, losses.

So, whether you're at the pool, beach, or lake, following a few safety tips can prevent serious injuries or drowning.

Here are 10 tips to keep safe in the water:

1. Ensure that everyone in the family learns to swim well
2. Swim in designated areas supervised by lifeguards
3. Never leave children unattended even if they can swim

Firework Safety

If you're reading this, you're already on the right track to having a safe Fourth of July.

Fireworks displays will once again light up the night sky over the Crescenta Highlands on July 4, 2018 at Crescenta Valley High School located at 2900 Community Ave., La Crescenta, CA 91214. The City of Glendale is a major sponsor of this annual event. Your attendance at this celebration not only supports a cherished local tradition, it also says that you understand the importance of leaving fireworks to the professionals.

The City of Glendale has a zero tolerance policy for all fireworks. All personal fireworks, including the 'safe and sane' varieties, are illegal in the City of Glendale. Following this law is all the more important because of dry, rain-deprived hillsides and hot temperatures. One spark can set the hillside on fire, which would have a devastating outcome for first responders, area residents and wildlife.

Help keep all of us, our children, our homes and our property safe from illegal fireworks. Call Glendale Police at (818) 548-4911 to report illegal fireworks and other suspicious activities.

To learn more about Glendale's local fireworks show, visit www.cvfireworks.com.

On behalf of the City of Glendale, have a happy and safe Fourth of July!

**Emergency Preparedness and
Communication**

4. Do not use pool noodles or arm floaties as a replacement for life jackets
5. Always wear a lifejacket when boating
6. Have a phone close in case of an emergency
7. Secure residential pools
8. Never swim alone
9. Even if you do not plan on swimming, be cautious around natural bodies of water including ocean shorelines, rivers, and lakes.
10. Keep toys that are not in use away from the pool and out of sight. Toys can attract young children to the pool.

To learn more about Glendale swimming lessons, the Pacific Park Community Pool, wading pools, lifeguard training, and more, visit GlendaleAquatics.org. These programs are all designed to provide members of our community with the tools they need to protect themselves, prevent injuries, and respond properly to emergency situations.

Remember, whether it's cold out or over 100 degrees, it's always the right time to have a family discussion about water safety.

We have a new podcast!

The Glendale Tech on Tap podcast discusses entrepreneurship, innovation, and tech in and around Glendale.

EMERGENCY

With heat, holidays, and lots of time spent outside – summer is prime time for emergencies. It is our duty, as the City of Glendale, to provide an efficient and coordinated response to any disaster that could threaten the well-being and health of our residents and visitors. Thankfully, Glendale combines proactive measures with a flexible and effective Emergency Operations Plan to save lives, communicate, and prevent the destruction of property.

In a fire emergency, for example...

The Fire Department coordinates fire, and medical operations. The Police Department coordinates movement and evacuation operations during an emergency, law enforcement, alerting and warning, as well as traffic and access control. The Public Information Office is responsible for disseminating timely information to the public and is the point of contact for the public, media or other organizations seeking critical information directly from the incident or event.

The Finance Section is responsible for maintaining records on personnel and equipment time, for providing payments to vendors for supplies and equipment usage, and for determining the cost considerations or various alternative strategies associated with incident planning. The Public Works Department assists other Operation Section Branches by providing construction equipment and operators as necessary, provides heavy equipment assistance to units as required, provides emergency construction and repair to damaged roadways, provides flood-fighting assistance, such as sandbagging, rerouting waterways away from populated areas, and debris clearance.

The Planning Section gathers information from a variety of sources, analyzes and verifies information, and prepares and updates internal EOC information and map displays. This section also collects, organizes, and files all completed emergency related forms, to include: all EOC position logs, situation reports, EOC Action Plans and any other related information, just prior to the end of each operational period. The GWP Section assists with the repair of utility systems as required, de-energizing power lines to avoid potential dangers to the public and safety personnel, and ensuring there is sufficient water supply in the City's reservoirs for firefighting purposes.

Trailblazers in the industry will also share the lessons they've learned throughout their career. Listen to season 1 [here](#).

The 2018 summer Plaza series continues! Bring a picnic and enjoy live outdoor music. Learn more [here](#).

Summer Leisure Guide!

The Information Services Section ensures the functionality of radio, telephone, and computer resources, and services are provided to EOC staff as required. They oversee the installation of communications resources within the EOC, ensure that a communications link is established with the field units and the public. The Community Services and Parks Division is responsible for coordinating public shelter, Red Cross first aid resources, and other care and shelter related activity. The Logistics Section is responsible for procuring equipment and supplies, providing food and medical support to incident assigned personnel, and meeting the transportation requirements of the incident.

In any disaster situation, we have your back and have a plan in place to support you. However, it's important to also prepare yourself, your family, your home, and your neighborhood for emergencies. To that end, it is always a good time to re-evaluate your emergency preparedness. Do yourself a favor, and make this a priority.

July 13 - YEREVAN2800 Exhibition - Opening Reception,

Imagine this: You're celebrating a festive occasion like a birthday or graduation. You're having a great time, and all of a sudden, the power goes out and you're in the dark. You're annoyed about the situation now and are wondering why it happened. Remember earlier in the day when you let your balloons go? Those balloons eventually came down, got caught in power lines, and caused this outage that's causing you so much misery.

Outages like these are not uncommon. In Glendale alone, mylar balloons caused over 25% of all power outages last year. Outages caused by balloons took about 37 minutes to be restored, and some took over 2 hours! They can cause a lot of damage to power lines.

By simply holding on to your balloons and not letting them fly away into the sky, you can help prevent outages and not be in the dark. Dispose of them properly by cutting them up and throwing them away instead of letting them go.

Zero Waste Tips for Summer

It's Picnic season! Don't forget to pack your Zero Waste Picnic with reusable cups, plates, utensils and containers. Check out local second-hand stores to find fun, unique and light weight tableware to help host your next outdoor family picnic, BBQ or party. Bring reusable containers to store food instead of disposable plastic bags. Then use them to take home leftovers instead of throwing them out. For more Zero Waste tips, [click here](#).

Holiday Waste Collection

For the upcoming Independence Day holiday on Wednesday, July 4, refuse will be collected as normal, so if Wednesday is your collection day, please make sure your bins are out. City offices will otherwise be closed. For more information about holiday collection, [click here](#).

Battery Recycling Available at Many City Locations!

The only place to see sparks is in the sky on the 4th of July! Keeping batteries out of your waste, recycling and yard waste containers helps prevent fires in collection trucks and at the recycling center. Batteries can be properly disposed at Fire Stations, Libraries, Community Centers, and the Glendale Recycling Center. For more information about disposing of batteries, [click here](#).

PW Completes Phase 1 of Emergency Sewer and Storm Drain Repair Project

As a critical part of maintaining the integrity of the City's Sewer and Storm Drain system which allows the City's residents to maintain their quality of life in the City of Glendale, Public Works performs critical repairs to the City's sewer and storm drain infrastructure.

The Public Works Department has completed extensive sewer and storm drain repairs within the last few months alone. This includes repairing a total of 238 linear feet of sewer lines at 20 locations, installing 3570 linear feet of sewer pipe lining at 15 Locations, repairing 21 sewer manholes, and fixing 3 storm drain structures.

This is phase one of the critical Emergency Sewer and Storm Drain Repair Project and the Public Works Department will address additional needed repairs throughout the City with Phase 2 of this project soon.

Free Summer Meals for Children and Teens

The Seamless Summer Lunch Program is back! The Glendale Unified School District will offer free meals Monday through Friday from June 11 through

August 10, to any child or teen under 18 years of age. Children and teens can enjoy a free lunch at five Glendale schools, Pacific Park, as well as Central, Grandview, Casa Verdugo & Adams Square Libraries.
