HELPING BUSINESS

A membership program
To serve you better!

glendale medic | *FOR BUSINESS*

INTRODUCTION:

Attracting and keeping good employees requires competitive pay and excellent benefits. With the cost of employee benefits skyrocketing, many employers have reduced or dropped their benefits programs. Fortunately, not all employee benefits are expensive. Now your employees can enjoy the security of knowing they will not have out-of-pocket expenses related to emergency ambulance transports while in Glendale.

Membership in the Glendale Medic for Business program provides unlimited use of Glendale Fire Department's emergency medical system for your employees whenever they are in Glendale. It is a voluntary membership program that you can provide to your employees for only \$60 per year (\$5 per month!) for up to 10 employees.

Co-payment or deductibles on medical insurance policies can be significant for a single ambulance transport. With Glendale Medic for Business, you and your employees can call for an ambulance, without concern for out-of-pocket expenses.

WHO IS COVERED BY GLENDALE MEDIC?

Any employee of your company who requires emergency ambulance transportation from a Glendale location to medically appropriate local area hospitals is covered. An employee is defined as an individual who is either a full-time or part-time employee and whose base of operations is in Glendale.

WHAT DOES THE MEMBERSHIP COVER?

The Glendale Medic for Business fee covers charges for emergency medical services and supplies provided by the Glendale Fire Department, including patient assessment and transportation from any location in Glendale to a medically appropriate local area hospital.

There is no guarantee that the patient's insurance will cover all of the charges; some may be denied or only partially paid, resulting in an unpaid balance for which the patient is responsible. As a Glendale Medic for Business member, your employees will not have any out-of-pocket costs.

If the patient has medical insurance and/or Medicare, no payment will be required from the employee; however, their insurance and/or Medicare will be billed. If they do not have medical insurance, they will receive a 50% discount on their emergency services bill.

When the Glendale Fire Department charges for treatment and transportation, there is no guarantee that your insurance company will cover the charges. The charges may be denied or only partially paid, or your deductible/cap limit may result in an unpaid balance for which your employee is responsible. The Glendale Medic for Business member, ensures for no out-of-pocket expenses.

Belonging to Glendale Medic for Business gives you and your employees a peace of mind in not having to worry whether the insurance will pay the medical bill or not. The \$60 annual fee is only a fraction of most insurance companies' deductible. More importantly, the high level of emergency medical service that you receive in Glendale is, in part, due to the increased funding provided through the Glendale Medic program.

WHAT DOES THE MEMBERSHIP COVER?

By filling out and returning this application form, you can enroll in Glendale Medic. A charge of \$5 per month (\$10 bi-monthly) will be added to your GWP bill. Your membership will continue until you cancel it.

If you do not have a GWP account, please send a check of \$60 made payable to the City of Glendale or contact our office with any questions at (818) 548-4041. \$60 is the annual fee for membership, please note that it requires annual renewal to remain a Glendale Medic member.
