**RE: 936 EAST COLORADO STREET
CONDITIONAL USE PERMIT CASE NO. PCUP 2111133**

Dear Mr. Wang:

On November 9, 2022, the Planning Hearing Officer conducted and closed a public hearing, pursuant to the provisions of the Glendale Municipal Code, Title 30, Chapter 30.42, on your application for a Conditional Use Permit (CUP) to permit the continued operation of a massage establishment in the C3 – Commercial Services zone, subject to the standards listed in GMC 5.64, located at **936 East Colorado**, described as the Lot 1, Block 13 of Miscellaneous Records 19-31 (APN: 5674023-022).

CODE REQUIRES

- 1) Approval of a Conditional Use Permit is required for massage establishments in C3 – Commercial Services zone (GMC 30.12.020).

APPLICANT'S PROPOSAL

- 1) To allow the continued operation of an existing massage establishment.

ENVIRONMENTAL DETERMINATION

The project is exempt from CEQA review as a Class 1 "Existing Facilities" exemption pursuant to State CEQA Guidelines Section 15301.

After considering the evidence presented with respect to this application, the plans submitted therewith, the Community Development Department has **APPROVED WITH CONDITIONS** the conditional use permit request, based on the following findings:

REQUIRED/MANDATED FINDINGS

- A. That the proposed use will be consistent with the various elements and objectives of the general plan.**

The proposed use will be consistent with the various elements and objectives of the General Plan. The applicant is seeking approval of a conditional use permit to allow the continued operation of a massage establishment. The Land Use Element of the

Glendale General Plan designates the subject site as Community Services. Personal service land uses, such as a massage establishment, generally offer a complementary element to surrounding uses. Massage establishments are a permitted use in the C3 – Commercial Services Zone, subject to the approval of a conditional use permit. The subject site is in a commercial area along East Colorado Street (identified as a Major Arterial in the Circulation Element) that is suitable for this type of use.

Continued operation of the massage establishment will require compliance with the City's Noise Ordinance (Chapter 8.36 Noise Control) and, as such, will be consistent with the Noise Element. No other elements of the General Plan, including the Open Space and Recreation and Housing Elements will be impacted as a result of the massage establishment. Therefore, the proposed use is in keeping with the various elements and objectives of the General Plan.

B. That the use and its associated structures and facilities will not be detrimental to the public health or safety, the general welfare, or the environment.

The use and its associated structures and facilities will not be detrimental to the public health or safety, the general welfare, or the environment. The applicant's request for continued operation of a massage establishment in the C3 - Commercial Services zone, and its associated structures and facilities to which no changes are proposed, is not anticipated to be detrimental to the public health or safety, the general welfare, or the environment, as conditioned. The subject site is located on the south side of East Colorado Street, where its immediate vicinity is developed with a variety of commercial uses that include retail, personal service and restaurant uses. The property is a one-story commercial center with three separate buildings: one on the west side (with three restaurants), one on the east side (with a retail paint store), and one on the south side of the property (with various retail, service, and restaurant uses, and the subject massage establishment). The subject tenant space is located toward the east side of the southerly building. Similar tenants within the southerly building face north toward Colorado Street, which serves as the property's only access point. A solid building wall and a solid masonry perimeter wall separate and screen the use from the multi-family residential developments at the rear. The immediate vicinity of the subject site is developed with a variety of commercial uses (including retail, office, and personal services) along Colorado Street and multifamily residential uses. The property to the south is zoned and developed with residential uses, all oriented toward Elk Avenue. There have been no reported impacts from the existing massage establishment. Approval of the conditional use permit will not adversely impact nearby uses, nor impede the development of surrounding properties since these properties are already developed. No changes are proposed

C. That the use and facilities will not adversely affect or conflict with adjacent uses or impede the normal development of surrounding property.

The use and facilities will not adversely affect or conflict with adjacent uses or impede the normal development of surrounding property. The use must comply with

all of the provisions set forth in Chapter 5.64 of the Glendale Municipal Code (Massage Establishments), as well as Chapter 10.5 of Division 2 of the California Business and Professions Code, Sections 4600 through 4621 (Massage Therapy Act), or any successor legislation. The conditions will ensure that the massage establishment will continue to operate in a responsible manner. Full access to the premises must be made available to all City of Glendale representatives, including, but not limited to, personnel from Community Development Department, Neighborhood Services Division, Police Department, and Fire Department, and Los Angeles County Department of Health Services representatives, upon request, for the purpose of verifying compliance with all laws, or verifying the conditions of this approval, or both. Failure to abide by or fully comply with any of the conditions of this CUP will constitute grounds for its revocation.

D. That adequate public and private facilities such as utilities, landscaping, parking spaces and traffic circulation measures are or will be provided for the proposed use.

Adequate public and private facilities such as utilities, landscaping and traffic circulation are provided for the site and the use. The project site is already developed and associated facilities are in place. A massage establishment has been in operation since 2012. The site contains 70 on-site parking spaces, which have been adequate to accommodate the patrons of the massage establishment as well as the commercial center.

The use meets the intent of the Zoning Ordinance by providing a personal service in the commercial neighborhood and will continue to be beneficial for the public. There are no public parks, churches, private schools or colleges, children's day care facilities or libraries in close proximity to the massage establishment. Neither the Glendale Police Department nor Neighborhood Services Division cited major concerns related to the proposed conditional use permit. Further, the massage establishment has been located at the subject site for almost 10 years without adversely impacting nearby uses or impeding the normal development of surrounding properties.

CONDITIONS OF APPROVAL

APPROVAL of the Conditional Use Permit shall be subject to the following conditions:

1. That the development shall be in substantial accord with the plans submitted with the application except for any modifications as may be required to meet specific code standards or other conditions stipulated herein to the satisfaction of the Director of Community Development.
2. That any expansion or modification of the facility or use which intensifies the existing use shall require a new Conditional Use Permit application. Expansion shall constitute adding floor area, changes to the use or operation, increased

hours of operation, or any physical change as determined by the Director of Community Development.

3. That all necessary licenses, approvals and permits as required from Federal, State, County or City authorities including the City Clerk shall be obtained and kept current at all times.
4. That the massage establishment owner or operator shall obtain and maintain a current, active, and valid massage establishment owner certificate.

7. That full access to the premises must be made available to all City of Glendale representatives (including, but not limited to, personnel from the Community Development Department, Neighborhood Services Division, Police Department, and Fire Department); Los Angeles County Department of Health Services representatives; and California Massage Therapy Council representatives—upon request, at any time, of one or more of the representatives, for the purpose of verifying compliance with all laws, or verifying the conditions of this approval, or both.
8. That failure to abide by or fully comply with any and all conditions attached to, or made a part of, this Conditional Use Permit constitutes grounds for its revocation.
9. That sufficient measures shall be enforced to effectively eliminate parking congestion, disturbing noise, disturbing light, disturbing smells, loud conversation, or any other activity that may adversely impact nearby uses.
10. That access to the premises shall be made available to all City of Glendale Planning and Neighborhood Services Division, Police Department, and Fire Department staff upon request for the purpose of verifying compliance with all laws and conditions of this approval.
11. That the premises shall be maintained in a clean and orderly condition, free of weeds, trash, and graffiti.
12. That all signs displayed shall conform to the requirements of the Glendale Municipal Code.

The applicant's attention is called to the fact that this grant is not a permit or license and that any permits and licenses required by law must be obtained from the proper City and public agency.

APPEAL PERIOD

Under the provisions of the Glendale Municipal Code, Title 30, Chapter 30.62, any person affected by the above decision has the right to appeal said decision to the Planning Commission, if it is believed that the decision is in error or that procedural errors have occurred, or if there is substantial new evidence which could not have been reasonably presented.
