	<i>Description: Greetings:</i>						
	<i>I am getting ready to submit my application for an Indigenous Tree Permit for the trimming of two Oak Trees and a Sycamore Tree on my property at 910 Larkstone Lane in Chevy Chase Canyon. (My prior permit number BITO1920582 was dated October 14, 2019.)</i>						
	<i>I am somewhat concerned that the Sycamore Tree might now be in some danger of falling over (onto my neighbor's property) due to what appears to be too much weight on one side of the tree.</i>						
	<i>I am wondering whom I should speak with at your office about what will be needed to have your office "pass judgement" on whether the tree will require (and whether your office will allow) more than the usual amount of trimming in order for the tree to have a better chance of remaining upright.</i>						
	<i>In a recent email from Katharine Williams (just before she retired), she told me that this Application would be routed to available Forestry staff and that they would then be able to make an appointment with me to come inspect the tree.</i>						
	<i>Given that I do not yet know the scope of the work that will need to be performed, I have not yet hired a licensed contractor to perform the work.</i>						
	<i>Thank you, JFM</i>						
	<i>Joseph F. Moore 910 Larkstone Lane Glendale, CA 91206</i>

	<i>Description: Requesting a permit a 2nd time because it did not allow me to edit dates on my original request. I am requesting a permit for a 16 ft PODS storage unit to be on the street due to us moving to Florida. The POD will be arriving Thursday, October 27th and leaving Saturday morning, October 29th. I chose these dates so we will not interfere with Monday's street sweeper.</i>
