SHARE SPACE & PLACE

**SHARE SPACE AND PLACE QUICK BUILD PROJECT
BRAND BLVD. – GLENOAKS BLVD. TO MOUNTAIN ST.**

NOTICE OF CONSTRUCTION ACTIVITY

As part of the Share Space and Place Quick Build project, we are working in your neighborhood to integrate “temporary” safety improvements that will transform Brand Boulevard, into a complete street by installing a bike lane, bollards, colored paint, and other short-term materials. We aim to enhance the well-being of all street users by reducing traffic, expanding mobility options for pedestrians and cyclists, reducing reliance on automobiles, and enhancing accessibility.

While this operation is being performed, please remember:

- Street parking is not allowed in some locations and signs will be posted accordingly at least 30 hours in advance of parking enforcement. Please adhere to the parking restrictions posted.
- Parking will be available within reasonable distance to your house.
- When access is restricted, detour will be set up to help you to reach destination.

It is anticipated that the entire work will be completed within 30 working day(s) and hope that it does not cause undue hardships.

We appreciate your cooperation and understanding while we work to improve your City.
